**\*\* = Billing Dates**

**Billing:** You will be billed for all active golfers in your computer as of the January 21st billing date. Which means you must have inactivated or deleted any golfers that you do not want to get billed for and transmitted to the USGA by January 21st.

The next billing date occurs on July 1st when you will be billed for anyone you have added since the January billing date. The final billing date is December 15th and you will be billed at half price for anyone you have added since the July billing date. Once a golfer begins to receive a handicap during the year, you are charged for that handicap even if the golfer is removed from the system
